* The premium bonus and interest bonus are credited only to the Protected Income Value (PIV). To receive the PIV, including the bonus, the contract must be held for at least 10 contract years, and then lifetime income withdrawals must be taken. You will not receive the bonus if the contract is fully surrendered, or if traditional annuitization payments are taken. If it is partially surrendered, the PIV will be reduced proportionally, which could result in a partial loss of bonuses. 150% Par-Rate guaranteed for PIV. Income withdrawals are considered partial withdrawals and are subject to ordinary income tax and, if taken prior to 59^{1/2}, a 10% federal additional tax. Because this is a bonus annuity, it may include higher surrender charges, longer surrender periods, lower caps, higher spreads, or other restrictions that are not included in similar annuities that don't offer a bonus feature. 100% Par-Rate guaranteed for life of contract. Minimum guarantee is 87.5% of total premium paid, less any withdrawals, accumulated at a rate of 1.35% for the first 10 contract years, then a minimum of 1% thereafter (varies by state). Caps/spreads guaranteed for one year. Min. monthly cap is 0.50%. Min. annual cap is 0.25%. Max. annual spread is 12%. Min. for fixed interest is 0.10%.

Bonus annuities may include higher surrender charges, longer surrender charge periods, lower caps, higher spreads, or other restrictions that are not included in similar annuities that don't offer a bonus. The bonus is credited each year the selected allocations earn interest. During the first 10 contract years, we will apply a surrender charge if the contract is partially or fully surrendered. These charges may result in a loss of indexed interest and Fixed Interest interest bonus, and a partial loss of principal (premium). Minimum guarantee is 87.5% of premium, less any withdrawals, accumulated at a rate of 1.35% for the first 10 years, then a minimum of 1% thereafter (varies by state). Caps/spreads guaranteed for one year. Most states: Min. monthly cap is 0.50%. Min. annual cap is 0.25%. Max. annual spread is 12%. Min. for fixed interest is 0.10%.

*** Flexible Withdrawal Benefit (FWR) is available at issue only for additional cost. Death benefit, surrender charges, rider availability and commission schedule may vary by state. Guarantees are backed by the financial strength and claims-paying ability of Allianz Life Insurance company of North America. Contracts issued by Allianz Life Insurance company of North America.

MGSV is 100% of premium accumulated at a rate of 1%. *Amounts allocated to this strategy earn interest in arrears based, in part, on the performance of the S&P 500[®] Index. The Protective Indexed Annuity II is a limited flexible premium deferred indexed annuity contract with a limited market value adjustment, issued under policy form series FIA-P-2010. SecurePay SE is provided under form series FIA-P-6022. The Protective Indexed Annuity II is issued by Protective Life Insurance Company located in Birmingham, AL. Policy form numbers, product availability and features may vary by state. All non-guaranteed components of the indexing formula may change and could be different in the future. Indexed interest could be less than that earned in a traditional fixed annuity, and could be zero. For product details, benefits, limitations and exclusions, please consult the contract, product guide and disclosure statement. The Protective Indexed Annuity is not an investment in any index, is not a security or stock market investment, does not participate in any stock or equity investment, and does not contain dividends.

Contracts issued by Voya Insurance and Annuity Company, 909 Locust Street, Des Moines, IA 50309. Product/features not available in all states. Withdrawals do not participate in index interest. Products offering a bonus may offer lower credited interest rates, participation rates, index caps, and/or higher index spreads than products not offering a bonus. Over time, and under certain circumstances, the amount of the bonus may be more than offset by the lower credited interest rates, participation rates, index caps, and/or higher index spreads. Please note that the likelihood of obtaining value from the Voya IncomeProtector Withdrawal Benefit rider decreases as issue ages increase. In order for owners issue age 75 & above to benefit from this rider, the interest credited to the client's accumulation value must be significantly less than expected based on historic averages. Depending on the client's issue age & the interest credited to the client's accumulation value, deferring their payment stream may significantly reduce the likelihood of obtaining value from the Voya IncomeProtector Withdrawal Benefit. Interest Rates/Participation Rates/Index Caps/Index Spreads subject to change. NCR & TIR not available in MA & PA. The assets & rankings of Voya have no impact on Voya Annuity and Life Insurance Company's ability to meet its obligations or upon the performance of its products. A (Excellent) by A.M.
